

Calling all Dadz

- Are you a Dad living in Little Hulton?
- Would you like to be involved in doing something great?
 - Don't know where to take the kids on a Saturday?
 - Going through a rough patch and like some support?
 - Need a reason to get up and out in the morning?

Why not come and join us?

Salford Dadz – Little Hulton is a community group working in Little Hulton, and were the winners of the Heart of Salford - Best Small Community Group award in 2015.

We believe that children benefit from their dads being well and having support from others. We work to find ways of helping each other and other dads in Little Hulton to be the best they can be. We are not a “service” and although we started as part of a project funded by the NHS we are now self funded through collections, donations and other grants.

We don't judge or tell you how to live your life, we just offer support and help in being the best you can. It's a way to improve your personal support network.
